# Guide to our regular plant sizes

## Quality plants and bulbs delivered straight to your door at just the right time for planting.

Continued investment in quality management and packaging means that our quality control process is better than ever. Plants are double and triple checked before they get sent out to you. They also spend less time in the post. With our new packaging, many of our plant parcels can fit straight through your letter box.

**A. Garden Ready Plants** are supplied differently to those found in garden centres. And for good reason. Retailers need their plants to catch your eye on the shelf; we simply want ours to perform at their best! So we send them out at the perfect time for planting, usually before blooms form, for quicker establishment, better root growth and flowering, and a longer, stronger display. 10-15cm.

**B. Jumbo Plugs** Jumbo plugs can be planted straight into baskets or other containers. 5-11cm.

**C. Postiplants** We've re-designed our most popular plug size so that our plant parcels will fit through most letter boxes. 5-9cm.

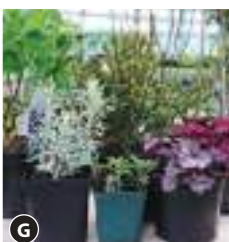

**D. Plugs** With our exclusive to T&M cartridge plug system<sup>TM</sup>, each young plant has an extra-strong root system. 3-6cm. The open sided cartridge causes root tips to dehydrate. This is known as 'air-pruning' which encourages the growth of new, lateral fibrous roots.

**E. Bulbs** We always supply first year flowering-size bulbs.

**F. Bare roots** These are sent in a dormant state without pot or compost. Planted in spring, they produce new growth through the year. Size 1 is the highest spec available irrespective of plant variety or size.

**G. Potted plants** These well-established plants are ready to be planted straight out into final positions, as long as the weather allows. Sizes given are usually the diameter of the pot.

More information and pack sizes can be found on our website.

### Key to abbreviations and symbols

HP	Hardy Perennial
HHP	Half Hardy Perennial
GP	Greenhouse/indoor plant
HA	Hardy Annual
HHA	Half Hardy Annual
HBb	Hardy Bulb
HHBb	Half Hardy Bulb
HB	Hardy Biennial
HCI	Hardy Climber
HS	Hardy Shrub
HT	Hardy Tree
TS	Tender Shrub
TT	Tender Tuber

**WILD BEES AND OTHER POLLINATORS**  
Wild bees and other pollinators are in decline. The Plants for Pollinators logo easily helps to identify plants that encourage them back into the garden.

**RHS AWARD OF GARDEN MERIT**  
This plant/cultivar has been awarded the RHS Award of Garden Merit because it has performed well in trials and is proven to be a reliable specimen in appropriate conditions.

**Edible** Some parts of this plant are edible, please see online for more details.

**Top Tip:**  
Use Cosmos 'Cherry Chocolate' in patio pots or as front of border edging, where you can fully enjoy the chocolate fragrance

# New Arrivals for 2024

A showcase of four hot new introductions set to turn heads this summer

Available for you to order now but deservedly getting its official launch at the RHS Chelsea Flower Show 2024, we are excited to bring you another world first with our latest introduction. **Cosmos 'Cherry Chocolate'** was developed with the aim of creating larger flowers, novel colour and improved hardiness while retaining the distinct cocoa fragrance of Chocolate Cosmos *astrosanguineus*.

## Cherry-pink blooms up to 7cm across

Following five years of species and cultivar crossing, **'Cherry Chocolate'** was born, and it is the largest flowering form of any *Cosmos astrosanguineus* with unique eye-catching, cherry-pink blooms up to 7cm across. Extensive trialling of the plant has seen true hardiness down to RHS rating H4 - hardy in most UK garden settings, and it has consistently proven to deliver masses of successive blooms from

late May right up to the first hard frosts of late autumn.

Cannas add a tropical touch to planting displays, bringing height and shape to summer schemes, and making excellent 'dot' plants among your summer bedding. Building the popular Cannova range we are introducing **Canna Cannova 'Gold Leopard'**. This stand out series really is the best of the bunch for UK gardens. They thrive in hot summers, but with inbuilt cold tolerance also perform perfectly in cooler British weather, producing hot blooms from as early as April to the first hard frosts. **'Gold Leopard'** brings a unique flower to the collection, with an animal print pattern of deep orange spots over a rich golden yellow. It really is the leopard's whiskers and a must-have for long lasting tropical colour in the garden!

Nandina are a fast emerging group of plants, growing in popularity due to their stunning foliage colours and compact but architectural shapes. Our plant hunting team has selected **Nandina**

**KF6067** £24.99 (3 x 9cm pots)

HP, 60cm (24in). Flowers: Apr-May. Sun/Part Shade. Pots, Beds, Borders. Delivery: May-Jun.

**'Summer Sunset'** for 2024 for it's every changing foliage colours and upright habit. Sprays of fine pointed foliage start off a stunning dark red in spring, transitioning through shades of glowing orange, red and purple, before maturing to green for winter. Its appeal is furthered through summer, when it produces pure white flower clusters on long arching stems. This semi-evergreen keeps its leaves in all but the coldest of winters and is drought tolerant once established, requiring little maintenance – the perfect addition for busy gardeners.

Finally, this exciting new hardy **Geranium 'Joseph Green'** offers dainty double flowers in a rich purple with unusual tufted green lime centres that look like flowers within flowers! Producing mounds of deeply lobed foliage its an excellent border filler and weed suppressant, and is perfect for shady areas alongside other shade loving perennials such as astrantia, dicentra and aquilegia. Tall, loose, nodding stems give it a naturalistic look, fitting both traditional cottage garden style plantings and contemporary schemes that marry soft planting with linear hard landscaping features. This stunning hardy perennial offers years of performance in the garden with minimum effort and upkeep.

Brand new  
'Wonder Tree'  
patio fruit trees

**1. NEW Wonder Tree (Patio Fruit Trees)**

The Wonder Tree range includes the very best fruit tree varieties, carefully selected for their flavour, disease resistance, hardiness and ease of cultivation. A super compact habit means that they can even be grown in a large container on a balcony or terrace. Producing heavy crops of delicious fruits, they're ideal for both culinary and dessert use. Not only can you enjoy the fruit harvested from these varieties, but they also make a handsome ornamental feature with spring blossom that attracts beneficial pollinators to the garden.

Dear Mr Sample,

### Preparing your garden for summer

Now is the best time to order garden ready summer bedding! Delivered to your door at the perfect time to plant straight out and give your beds, borders and containers a pop of summer colour. There's something for every garden, whether you want to create a serene haven to relax outside, or cultivate your very own kitchen garden and enjoy fresh fruit and veg straight from the plant! We also have plenty of furniture and tools to keep your outdoor spaces looking the very best.

We can't fit everything in this catalogue so don't forget to visit [www.thompson-morgan.com](http://www.thompson-morgan.com) to see our full range of seeds, plants, pots and lots of gardening supplies.

### Don't miss out!

Don't forget to add your email address overleaf to join our T&M gardening family and you'll be the first to get:

- New and exciting varieties
- Exclusive offers **only** available to email subscribers
- Handy tips and advice straight from our experts

**AND** you can check the status of your order too, so you know exactly when it will be delivered.

But rest assured we definitely will not pass on your email to any other third parties. Simply add your email address in the 'your details' section overleaf so you don't miss out!

## Happy Gardening
